# Public Bus Lines

Panoramic Glacier Road

## DISCOVER TIROL'S LONGEST SIDE VALLEY BY PUBLIC BUS

Several bus stops make it easy to reach Ötztal's main attractions and highlights (bicycle transport is partly available). Among the absolute must-sees are the scenic panoramic roads in high Alpine locations.

The Timmelsjoch High Alpine Road – the Eastern Alps' highest border crossing point - is probably the most beautiful connection to neighboring Italy thanks to awe-inspiring views of mountains and valleys.

The Panoramic Glacier Road leads from the hustle and bustle of Sölden's village up to the mighty glacier snouts, offering fabulous hairpin bends. Due to the breathtaking panorama, the road was chosen as filming location of the spectacular chase in the James Bond 007 action thriller: "Spectre".
